Dear family, friends, and prospective student-athletes,

“Follow your passions and discover your potential.” This is the positioning statement of the NCAA Division III Identity Initiative. As a member of Division III, Saint Mary’s College has a wonderful forum to share our student-athlete stories.

There are so many misconceptions about NCAA Division III. All that some people know about Division III is that it is the branch of the NCAA that cannot give athletic scholarships. Others refer to the NCAA’s third branch as the “lowest division.” These statements could not be further from the truth!

While it is true that we do not offer financial assistance based on athletic ability, Division III institutions offer need- and merit-based aid that many times matches or exceeds the amounts offered through athletic scholarships. Students choose to participate in NCAA Division III athletics purely for the love of their sport. They are freed from the pressures that athletic scholarships often unintentionally place on student-athletes. Division III encourages full immersion in the college experience and does not limit student-athletes to their competitive arena to experience success. Our student-athletes know that we encourage and expect them to have a life outside of athletics.

Saint Mary’s College has been a proud member of NCAA Division III since 1990. Our membership in Division III offers our student-athletes the full range of the college experience.

Membership on a varsity athletic team does not limit our student-athletes’ choices—it allows them to fully integrate themselves in the campus experience. Our women participate in study abroad programs. They are leaders in clubs and organizations outside of athletics. They make a strong impact through their community service activities. And finally, Saint Mary’s student-athletes achieve at the highest levels in both the competitive arena as well as in the classroom. Division III is hardly the “lowest division” of the NCAA. I would argue that it is the “fullest division,” allowing students the full college experience along with the opportunity to compete within their sport or sports.

Explore this media guide along with our website to learn more about the experiences of our Division III student-athletes at Saint Mary’s College.

A wealth of experience and talent will hit the trails running for the Saint Mary's cross country team in 2012.

Only two members of last year’s squad graduated, so head coach Jackie Bauters will work with a core of returners, all of whom cut their 6k times from the MIAA Jamboree to the MIAA Championship just a month later. Back for the Belles is Julia Kenney ’13, an All-MIAA honoree two seasons ago. Kenney matched her 5k personal record time and finished in the top two for the Belles in every race last fall.

Joining Kenney is a slew of classmates—Emma Baker ’13, Sarah Copi ’13, Dani Haydell ’13, Elizabeth Majewski ’13, and Angela Nebesny ’13. Baker, Copi, Majewski, and Nebesny all set new PRs last fall while Haydell cut more than two minutes off her 6k time by the end of the season. The group of Kenney, Baker, Copi, Majewski, and Nebesny helped the Belles finish ahead of conference foes Trine, Olivet, and Kalamazoo at the season-ending NCAA regional race.

Colette Curtis ’14 and Samee Chittenden ’15 return for the Belles after big contributions a year ago. Curtis set new collegiate personal record times in both the 5k and 6k while scoring for the team on three occasions. Chittenden was a top-five finisher for the Belles twice and had almost a two-minute improvement from the pre-regional race to the MIAA championship two weeks later.

Academically, the cross country team has maintained an unparalleled level of excellence. The squad has been named to the MIAA Team GPA Honor Roll nine consecutive seasons and 11 times overall in Saint Mary’s 15 years of conference membership.

As individuals, the members of the Saint Mary’s cross country team have been named to the MIAA Honor Roll more than 130 times during that same time.

**Faculty Advisors**
Each varsity team has a faculty advisor who serves as a liaison between athletics and our academic departments. Our faculty advisors support our student-athletes in a variety of ways. They are available to discuss schedule planning and choosing a major while also mentoring student-athletes facing academic challenges. They attend competitions, team meetings and banquets. Faculty advisors help to spread the word amongst their colleagues of the exciting accomplishments of our student-athletes and teams.

**Team Chaplains**
The athletic department has some very special fans that foster the bond between the College and the Sisters of the Holy Cross. Our team chaplains join our athletes and coaches in pre-game prayers while also passionately and vigilantly cheering on our teams from the sidelines. Interaction with our Sisters assists us in learning our heritage and honoring the traditions, values and mission of Saint Mary’s College.

**NCAA Student-Athlete Affairs (SAA)**
Saint Mary’s College is a member of the NCAA Student-Athlete Affairs (SAA) program. The program assists student-athletes with academics, athletics, personal development, career development, and community service. At Saint Mary’s, head cross country coach Jackie Bauters, an alumna and former student-athlete, monitors the academic progress of the student-athletes through individual mentoring.

**Student-Athlete Advisory Committee (SAAC)**
In 1989 the NCAA adopted the idea to have an association-wide Student-Athlete Advisory Committee.

The mission of the committee is to enhance the total student-athlete experience by promoting opportunity, reviewing legislation, protecting student-athlete welfare, and fostering a positive student-athlete image.

At Saint Mary’s, the SAAC goes above and beyond the call to serve as a liaison between athletes and the athletic administration. Each year the athletic teams perform an on- and off-campus community service project and host holiday-themed parties for various groups in the area. They also read to elementary school children, raise money for foundations, participate in charitable walks, and support local food pantries.

**Athlete of the Week**
Saint Mary’s College honors outstanding student-athletes each week. At the end of the academic year, all of our Athlete of the Week recipients are recognized for their accomplishments at a reception in which they have the opportunity to invite a professor or staff member who has influenced them.

**Athletic Hall of Fame**
In 1993 former Athletic Director JoAnn Nester created the Saint Mary’s College Athletic Hall of Fame to recognize outstanding Saint Mary’s athletes, coaches, and athletic administrators for their numerous contributions to Saint Mary’s athletics. Since the inception of the Hall of Fame, 29 individuals and two teams have been inducted.

**Senior Awards Banquet**
Each spring the Athletic Department honors its senior student-athletes at a special recognition banquet. In addition to each senior athlete receiving a watch to commemorate their athletic careers, a select few seniors are recognized with special awards, including the Don Miller Belles Spirit Award and the Marvin Wood Outstanding Senior Athlete Award.
**MIAA History**

The Michigan Intercollegiate Athletic Association (MIAA) is America’s oldest collegiate athletic conference. The 2012-13 school year will mark the 125th consecutive year of operation for the NCAA Division III affiliated conference. From the very beginning, the MIAA has conducted full-season championships in multiple sports. There have been changes in some of the sports, but these changes have served to develop the MIAA into one of America’s finest NCAA Division III conferences, today offering 20 sports for men and women.

The MIAA’s continuity is noteworthy. Of the 13 schools that have had full membership, nine are still members—Adrian, Albion, Alma, Calvin, Hope, Kalamazoo, Olivet, Saint Mary’s, and Trine. Albion and Olivet were charter members, although Albion is the only member to hold continuous membership. Ex-members are Michigan State University (1888–1907), Eastern Michigan University (1892–1926), and Hillsdale College (1888–1960).

The MIAA’s membership list went unchanged from 1954 to 1997, when Defiance College of Ohio and Saint Mary’s College of Indiana were invited to join. It also marked the first time that the league added members outside Michigan. The league stipulated, however, that the name of the conference would not change. The inaugural year of current members are: Adrian (1908), Albion (1888), Alma (1902), Calvin (1953), Hope (1926), Kalamazoo (1896), Olivet (1888), Saint Mary’s (1997), and Trine (2004).

**MIAA Women’s All-Sports Award Results**

Since 1998, a trophy has been awarded at the conclusion of the spring sports season to the school with the highest cumulative point total in the final standing in the MIAA championships. Saint Mary’s earned their highest-ever finish in the MIAA’s Women’s All-Sport Standings at the conclusion of the 2008–09 academic year. The Saint Mary’s teams combined for a third-place finish among all MIAA schools. Points are awarded based upon each MIAA school’s final conference standing in each sport.

**What It Means to Be Division III**

“Follow your passions and discover your potential. The college experience is a time of learning and growth—a chance to follow passions and develop potential. For student-athletes in Division III, all of this happens most importantly in the classroom and through earning an academic degree.

The Division III experience provides for passionate participation in a competitive athletic environment, where student-athletes push themselves to excellence and build upon their academic success with new challenges and life skills. And student-athletes are encouraged to pursue the full spectrum of opportunities available during their time in college. In this way, Division III provides an integrated environment for student-athletes to take responsibility for their own paths, follow their passions, and find their potential through a comprehensive learning experience.”

Rules about recruiting prospective student-athletes at a Division III institution include the following:

- Prospects may receive printed materials at any time from NCAA Division III coaches.
- There is no limit on the number or timing of phone calls or emails at the NCAA Division III level, and the prospect may make calls to the coach at their own expense.
- Electronically transmitted correspondence that may be sent to a prospective student-athlete by, or on behalf of, a member of the institution’s athletics department staff is limited to electronic mail, text messages and facsimiles. An enrolled student-athlete may send electronic mail and text messages to a prospective student-athlete for recruitment purposes. All other forms of electronically transmitted correspondence (e.g., instant messaging and social networking websites) are prohibited.
Cheer on one of Saint Mary’s eight varsity athletic teams as they compete in the MIAA conference.

A fun and exciting time for the whole family.
