Media Guide 2014-15

Dear Family, Friends, and Prospective Student-Athletes,

Aligned with the NCAA Division III philosophy, Saint Mary's College athletics is focused on the support of our student-athletes as they immerse themselves in the college experience. We expect our women to pursue the full spectrum of opportunities available to them over their four years with us. They are students first. They have enrolled in college to earn an academic degree. With this focus in mind, our student-athletes are afforded the same classroom experiences and opportunities as their peers here at Saint Mary's College.

Their choice to participate in athletics is a wise one that only enhances their educational experience. Through sport, student-athletes learn how to lead and take initiative as well as how to work as a member of a team. They learn to set goals and work through the process of accomplishing those goals. If they fall short, they know how to re-evaluate, and if necessary, strategize a new route to success — they do not give up. Student-athletes are masters of time management. They know how to give and take feedback. In short, participation in sports provides the opportunity for athletes to practice skills that will help them to succeed in life.

And succeed they do! Besides the athletic accolades that you will read about on our website and in this media guide, you will also see that several of our student-athletes have even been recognized with the highest honors bestowed upon our graduates.

Participation in athletics is a rich and rewarding experience. Teammates become lifelong sisters. I invite you to look through this media guide and read about the challenges and triumphs of our student-athletes and coaches. Prospective student-athletes, I encourage you to visit our campus. Meet with our coaches, shadow a current student-athlete, and ask questions to learn if Saint Mary's could be a fit for you. Follow your passions and discover your potential at Saint Mary's College.

Once a Belle, always a Belle,

Julie Schroeder-Biek '88  
Director of Athletics and Recreation

*“Follow your passions  
and discover your potential.”*

The mission of the Department of Athletics and Recreation at Saint Mary's College is to provide a comprehensive program designed to be a vital part of the total educational process. The basic purpose is to integrate an intercollegiate athletic program, intramural, club sport, and personal fitness opportunities so our students develop a lifelong appreciation of one's mind, body, and spirit through exercise and participation.

## Cross Country

**Allie Danhof '16**

**Katelyn Dunn '16**

**Kaitlyn Alessi '17**

Powered by a core of underclass contributors last fall, the 2014 Saint Mary's cross country team looks to be one of the top contenders in the MIAA again this season.

Three runners who scored in both the MIAA Jamboree and MIAA Championship races to help anchor the team's third place finish a year ago return in 2014. Brittany Beeler '17, Allie Danhof '16, and Katelyn Dunn '16 all made strong contributions to the team's successes last fall.

Beeler made an immediate impact on the team in her first year in a Saint Mary's uniform. She was the Belles' second scoring runner all season behind only All-MIAA and All-Region performer Jessica Biek '14. Danhof and Dunn showed continued improvement over the season as the pair combined to post seven new personal record times during their sophomore campaigns. Danhof was the third scoring runner for the Belles in five races while Dunn finished among the top five Belles in five races, including the NCAA Division III Regional race.

Samee Chittenden '15 and Kathryn Marshall '17 were consistent contributors to the team and will be looked upon for their experience in pacing the Belles in 2014.

This upcoming spring, Beeler, Marshall, and Kaitlyn Alessi '17, who was one of seven Saint Mary's runners who competed in the 2014 NCAA Regional race, will embrace the benefits of all the College has to offer and study abroad.

**Brittany Beeler '17**

In the past 17 years of MIAA membership, the cross country team has established a high level of academic success while finishing third in the conference twice in the last four seasons. The squad has been named to the MIAA Team GPA Honor Roll 13 times by maintaining at least a 3.30 cumulative GPA for the entire year.

***The cross country team has been named to the MIAA Team GPA Honor Roll 13 times in the past 17 years.***

# Be Supported

## Faculty Advisors

Each varsity team has a faculty advisor who serves as a liaison between athletics and our academic departments. Our faculty advisors support our student-athletes in a variety of ways. They are available to discuss schedule planning and choosing a major while also mentoring student-athletes facing academic challenges. They attend competitions, team meetings, and banquets. Faculty advisors help to spread the word amongst their colleagues of the exciting accomplishments of our student-athletes and teams.

## NCAA Student-Athlete Affairs (SAA)

SAA assists student-athletes with success outside of the athletic arena through monitoring academic progress and mentoring individuals as needed. Under the direction of cross country coach, Jackie Bauters, SAA also hosts the annual CHAMPS (Challenging Athletes' Minds for Personal Success) Cup competition to encourage individual growth while fostering athletic unity. Each of the eight varsity teams earn points through achievement, participation, and/or attendance in a variety of venues: academic achievement, personal development, career development, community service, and Belles spirit.

# Get Involved

## Student-Athlete Advisory Committee (SAAC)

In 1989 the NCAA adopted the idea to have an association-wide Student-Athlete Advisory Committee.

*The mission of the committee is to enhance the total student athlete experience by promoting opportunity, reviewing legislation, protecting student-athlete welfare, and fostering a positive student-athlete image.*

At Saint Mary's, the SAAC goes above and beyond the call to serve as a liaison between athletes and the athletic administration. Each year the athletic teams perform on- and off-campus community service projects while supporting organizations such as LOGAN Center and St. Margaret's House.

They also read to elementary school children, raise money for foundations, participate in charitable walks and runs, and support local food pantries.

# Be Recognized

## Athlete of the Week

Saint Mary's College honors outstanding student-athletes each week. At the end of the academic year, all of our Athlete of the Week recipients are recognized for their accomplishments at a reception in which they have the opportunity to invite a professor or staff member who has influenced them.

## Athletic Hall of Fame

In 1993 former Athletic Director JoAnn Nester created the Saint Mary's College Athletic Hall of Fame to recognize outstanding Saint Mary's athletes, coaches, and athletic administrators for their numerous contributions to Saint Mary's athletics. Since the inception of the Hall of Fame, 32 individuals and four teams have been inducted.

## Senior Awards Reception

Each spring the Athletic Department honors its senior student-athletes at a special recognition reception. In addition to each senior athletes receiving a watch to commemorate their athletic careers, a select few seniors are recognized with special awards, including the Don Miller Belles Spirit Award and the Marvin Wood Outstanding Senior Athlete Award.

## Distinguished Honors

Saint Mary's student-athletes have had an impact on the College community that extends well past the realm of competition. Over the past 11 years, student-athletes have earned the distinguished honors of Outstanding Senior, Lumen Christi Award winner, and valedictorian. These three senior honors recognize students who excel in one or more components of the College's mission.

The College's Alumnae Association Board of Directors presents the Outstanding Senior Award to a member of the senior class who exemplifies the spirit and values of the College. The Lumen Christi Award is awarded to the senior who stands out in the College community as an exemplary Christian woman. The recipient of the award is traditionally someone who has excelled in leadership and loyalty to Saint Mary's and whose presence has had a profound effect on the College community.

# MIAA and NCAA Information

## MIAA History

The Michigan Intercollegiate Athletic Association (MIAA) is America's oldest collegiate athletic conference.

The 2014–15 school year will mark the 127th consecutive year of operation for the NCAA Division III affiliated conference. From the very beginning, the MIAA has conducted full-season championships in multiple sports. There have been changes in some of the sports, but these changes have served to develop the MIAA into one of America's finest NCAA Division III conferences, today offering 20 sports for men and women.

The MIAA's continuity is noteworthy. Of the 13 schools that have had full membership, nine are still members—Adrian, Albion, Alma, Calvin, Hope, Kalamazoo, Olivet, Saint Mary's College, and Trine. Albion and Olivet were charter members, although Albion is the only member to hold continuous membership. Ex-members are Michigan State University (1888–1907), Eastern Michigan University (1892–1926), and Hillsdale College (1888–1960).

The MIAA's membership list went unchanged from 1954 to 1997, when Defiance College of Ohio and Saint Mary's College of Indiana were invited to join. It also marked the first time that the league added members outside Michigan. The league stipulated, however, that the name of the conference would not change. The inaugural years of current members are: Adrian (1908), Albion (1888), Alma (1902), Calvin (1953), Hope (1926), Kalamazoo (1896), Olivet (1888), Saint Mary's College (1997), and Trine (2004).

## MIAA Women's All-Sports Award Results

Since 1998, a trophy has been awarded at the conclusion of the spring sports season to the school with the highest cumulative point total in the final standing in the MIAA championships. Saint Mary's earned their highest ever finish in the MIAA's Women's All-Sport Standings at the conclusion of the 2008–09 academic year. The Saint Mary's teams combined for a third-place finish among all MIAA schools. Points are awarded based upon each MIAA school's final conference standing in each sport.

Rules about recruiting prospective student-athletes at a Division III institution include, but are not limited to the following:

- Prospects may receive printed materials at any time from NCAA Division III coaches.
- There is no limit on the number or timing of phone calls or emails at the NCAA Division III level, and the prospect may make calls to the coach at their own expense.
- Electronically transmitted communication, particularly through the means of social media, has many regulations as it pertains to NCAA Division III athletics. Phone calls, text messages, emails, facsimiles, instant messenger, and private communication through social networking sites are all approved means of communication.
- Correspondence through electronic communication is permitted provided that the communication is private between the sender and the recipient. There are no restrictions on the timing for sending private electronic correspondences to prospective student-athletes, and enrolled student-athletes may send private electronic correspondence to prospective student-athletes for recruitment purposes.

Many forms of communication through social media, however, are prohibited. Two of the more popular social media platforms — Facebook and Twitter — have the following restrictions:

**Facebook:** NCAA Division III coaches are allowed to private message prospective student-athletes. Coaches are not allowed to engage in chat functions, group messages, posts on a prospective student-athlete's wall, "like" or "comment" on a photo, or send/accept friend requests with prospective student-athletes.

**Twitter:** NCAA Division III coaches can have a prospective student-athlete follow them as well as direct message. Coaches are not allowed to follow prospective student-athletes, re-tweet a prospective student-athlete, or tweet using a prospective student-athlete's handle.

Additionally, there is no Letter of Intent or Signing Day for NCAA Division III.
