STUDENT EMPLOYMENT

If you choose to work in order to earn money to help pay your student account charges, the amount you earn will depend on the pay rate of your job and the number of hours you choose to work. Wages are paid on a monthly basis and students have the option to apply their earnings to their student account or to have the earnings direct-deposited into their bank account.

* Actual room cost will vary depending on the residence hall and type of room to which a student is assigned.

** The tuition deposit is due May 1. For students living on-campus the deposit is \$400. Of this \$400, \$200 will be applied toward the fall semester bill. The remaining \$200 is held by the College as a room deposit. Once a student moves off-campus this \$200 will be refunded to her if she has no charges for room damage. For students living off-campus, the deposit is \$200 and this amount will be applied toward the fall semester bill.
