

Data Science 4+1 Application

Saint Mary's College students meeting the prerequisites set forth below may apply to the Master of Science in Data Science program as a second semester junior or first semester senior. If admitted to the graduate program, you will complete two graduate courses in Data Science in your senior year prior to baccalaureate graduation. You will continue Data Science courses in the summer term immediately following your baccalaureate graduation and continue for the next fall, spring, and summer terms to complete the bachelors and graduate degree in five years. In the fifth year, you will be charged the per credit hour rate equivalent to the cohort you are joining.

Application Deadline: December 1 for Seniors
May 1 for Juniors
