Unlocking AI: A Practical Guide for the Curious (and Cautious)

Christy Augustine '96

9 - 10:00 a.m.

Artificial intelligence is no longer a future concept. It's shaping how we work, learn, and communicate right now. In this SMC Talk, we'll demystify AI for beginners, explore how people are using AI as a first step rather than a shortcut, and discuss what that shift means for lifelong learners and leaders. You'll gain a clear understanding of what AI is (and isn't), how to thoughtfully use it as a tool rather than a crutch, and how to recognize AI-generated content in the world around you. We'll focus on practical skills (not theory) so you can confidently use AI in your everyday life.

Sips and Service

Alumnae Association Board of Directors

9 – 10 a.m.

Enjoy a Mimosa, grab a pen, and pass on the magic of Saint Mary's! Join fellow Belles for a fun and heartfelt afternoon of connection and community. While we sip wine and catch up, we'll write notes to incoming students—sharing words of wisdom, favorite memories, and warm welcomes as they prepare to start their journey down the Avenue. It's a simple (and spirited!) way to give back and remind the next class of Belles that they're never walking alone.
