

# Financial Aid

## *Additional Unsubsidized Direct Request*

My parent does not wish to appeal the denial of the Federal Direct Parent PLUS loan, or the appeal has been denied, so I wish to borrow the additional unsubsidized Direct Student Loan. I understand that the interest on this loan will accrue while I am enrolled in school, and that the maximum amount I may borrow is determined by my class level in college (according to the number of credit hours I have earned):

Freshman	\$4,000
Sophomore	\$4,000
Junior	\$5,000
Senior	\$5,000

- I DO wish to borrow the additional unsubsidized Direct Student Loan because my parent was denied a Direct Parent PLUS loan. I request that the maximum annual amount (or a reduced amount of: \_\_\_\_\_) be added to my financial award and certified for me. I understand I will still have the right to accept or deny the loan funding when it disburses to my account, and I will be notified by Student Accounts when the funding arrives.

In order to receive this additional Direct funding I know that I must complete the following steps, if I have not already done so:

If I am a first-time Direct Student Loan borrower at Saint Mary's College I must apply for a Direct Student Loan by completing the entrance counseling **and** signing a Master Promissory note at [www.studentloans.gov](http://www.studentloans.gov).

- I DO NOT wish to borrow the additional unsubsidized Direct Student Loan funding even though my parent was denied a Direct Parent PLUS loan.
