Media Guide 2013-14

Dear family, friends, and prospective student-athletes,

“Follow your passions and discover your potential.” This is the positioning statement of the NCAA Division III Identity Initiative. As a member of Division III, Saint Mary’s College has a wonderful forum to share our student-athlete stories.

There are so many misconceptions about NCAA Division III. All that some people know about Division III is that it is the branch of the NCAA that cannot give athletic scholarships. Others refer to the NCAA’s third branch as the “lowest division.” These statements could not be further from the truth!

While it is true that we do not offer financial assistance based on athletic ability, Division III institutions offer need- and merit-based aid that many times matches or exceeds the amounts offered through athletic scholarships. Students choose to participate in NCAA Division III athletics purely for the love of their sport. They are freed from the pressures that athletic scholarships often unintentionally place on student-athletes. Division III encourages full immersion in the college experience and does not limit student-athletes to their competitive arena to experience success. Our student-athletes know that we encourage and expect them to have a life outside of athletics.

Saint Mary’s College has been a proud member of NCAA Division III since 1990. Our membership in Division III offers our student-athletes the full range of the college experience.

Membership on a varsity athletic team does not limit our student-athletes’ choices—it allows them to fully integrate themselves in the campus experience. Our women participate in study abroad programs. They are leaders in clubs and organizations outside of athletics. They make a strong impact through their community service activities. And finally, Saint Mary’s student-athletes achieve at the highest levels in both the competitive arena as well as in the classroom. Division III is hardly the “lowest division” of the NCAA. I would argue that it is the “fullest division,” allowing students the full college experience along with the opportunity to compete within their sport or sports.

Explore this media guide along with our website to learn more about the experiences of our Division III student-athletes at Saint Mary’s College.

Soccer

Riding the momentum of last season, one of the most successful seasons in program history, the Saint Mary's soccer team is poised and ready to contend in the MIAA in 2013. The Belles posted school records with 13 wins and 10 shutouts last fall while matching the program record of 10 conference victories.

Much of the core of the successful 2012 squad returns to the pitch in 2013 for the Belles. Fourteen players who appeared in at least 15 contests last fall are expected to vie for playing time this fall for the Belles including Mollie Valencia '14, Kerry Green '15, Mary Kate Hussey '15, and Chanler Rosenbaum '15. All four were both MIAA Players of the Week and All-MIAA honorees last fall.

Valencia, a three-time All-MIAA honoree and team co-captain, had three game-winning goals a season ago which all came in conference contests. The senior midfielder had the winning strike against Kalamazoo twice and Albion at home while assisting the game-winner against Hope.

Green, Hussey, and Rosenbaum keyed a Saint Mary's defense that continually stymied the competition's offensive

efforts. For only the second time in a season with at least 14 games, the 2012 Belles' defense did not allow an opponent to score more than two goals in any single contest.

Green, Hussey, and the Belles' back line limited the opposition to 74 fewer shots than Saint Mary's took in 2012. Rosenbaum finished the season ninth in save percentage and 25th in goals-against average among all NCAA Division III goalkeepers while playing more than 1500 minutes in goal a year ago.

Complementing that core of all-conference performers on both ends of the pitch will be a large group of returning talent and newcomers eager to make a difference. Sixteen anticipated returners from last year's squad registered at least a point on the season while the Belles surrendered just 0.68 goals per contest as a team.

Since Saint Mary's joined the MIAA 16 years ago, 15 Saint Mary's soccer players have been honored with All-MIAA accolades a total of 26 times. Moreover, a member of the Belles soccer team has been an All-MIAA honoree in each of the past 12 years.

Be Supported

Faculty Advisors

Each varsity team has a faculty advisor who serves as a liaison between athletics and our academic departments. Our faculty advisors support our student-athletes in a variety of ways. They are available to discuss schedule planning and choosing a major while also mentoring student-athletes facing academic challenges. They attend competitions, team meetings and banquets. Faculty advisors help to spread the word amongst their colleagues of the exciting accomplishments of our student-athletes and teams.

NCAA Student-Athlete Affairs (SAA)

SAA assists student-athletes with success outside of the athletic arena through monitoring academic progress and mentoring individuals as needed. Under the direction of cross country coach, Jackie Bauters, SAA also hosts the annual CHAMPS (Challenging Athletes' Minds for Personal Success) Cup competition to encourage individual growth while fostering athletic unity. Each of the eight varsity teams earn points through achievement, participation, and/or attendance in a variety of venues: academic achievement, personal development, career development, community service, and Belles spirit.

Get Involved

Student-Athlete Advisory Committee (SAAC)

In 1989 the NCAA adopted the idea to have an association-wide Student-Athlete Advisory Committee.

The mission of the committee is to enhance the total student-athlete experience by promoting opportunity, reviewing legislation, protecting student-athlete welfare, and fostering a positive student-athlete image.

At Saint Mary's, the SAAC goes above and beyond the call to serve as a liaison between athletes and the athletic administration. Each year the athletic teams perform on- and off-campus community service projects while supporting organizations such as LOGAN Center and St. Margaret's House.

They also read to elementary school children, raise money for foundations, participate in charitable walks and runs, and support local food pantries.

Be Recognized

Athlete of the Week

Saint Mary's College honors outstanding student-athletes each week. At the end of the academic year, all of our Athlete of the Week recipients are recognized for their accomplishments at a reception in which they have the opportunity to invite a professor or staff member who has influenced them.

Athletic Hall of Fame

In 1993 former Athletic Director Dr. JoAnn Nester created the Saint Mary's College Athletic Hall of Fame to recognize outstanding Saint Mary's athletes, coaches, and athletic administrators for their numerous contributions to Saint Mary's athletics. Since the inception of the Hall of Fame, 29 individuals and two teams have been inducted.

Senior Awards Reception

Each spring the Athletic Department honors its senior student-athletes at a special recognition reception. In addition to each senior athlete receiving a watch to commemorate

their athletic careers, a select few seniors are recognized with special awards, including the Don Miller Belles Spirit Award and the Marvin Wood Outstanding Senior Athlete Award.

Distinguished Honors

Saint Mary's student-athletes have had an impact on the College community that extends well past the realm of competition. Over the past ten years, student-athletes have earned the distinguished honors of being their class's Lumen Christi Award winner and valedictorian.

Liz Palmer '13

The Lumen Christi Award is awarded to the senior who stands out in the College community as an outstanding Christian woman. The recipient of the award is traditionally someone who has excelled in leadership and loyalty to Saint Mary's and whose presence has had a profound effect on the College community.

MIAA and NCAA Information

MIAA History

The Michigan Intercollegiate Athletic Association (MIAA) is America's oldest collegiate athletic conference.

The 2013–14 school year will mark the 126th consecutive year of operation for the NCAA Division III affiliated conference. From the very beginning, the MIAA has conducted full-season championships in multiple sports. There have been changes in some of the sports, but these changes have served to develop the MIAA into one of America's finest NCAA Division III conferences, today offering 20 sports for men and women.

The MIAA's continuity is noteworthy. Of the 13 schools that have had full membership, nine are still members—Adrian, Albion, Alma, Calvin, Hope, Kalamazoo, Olivet, Saint Mary's, and Trine. Albion and Olivet were charter members, although Albion is the only member to hold continuous membership. Ex-members are Michigan State University (1888–1907), Eastern Michigan University (1892–1926), and Hillsdale College (1888–1960).

The MIAA's membership list went unchanged from 1954 to 1997, when Defiance College of Ohio and Saint Mary's College of Indiana were invited to join. It also marked the first time that the league added members outside Michigan. The league stipulated, however, that the name of the conference would not change. The inaugural year of current members are: Adrian (1908), Albion (1888), Alma (1902), Calvin (1953), Hope (1926), Kalamazoo (1896), Olivet (1888), Saint Mary's (1997), and Trine (2004).

MIAA Women's All-Sports Award Results

Since 1998, a trophy has been awarded at the conclusion of the spring sports season to the school with the highest cumulative point total in the final standing in the MIAA championships. Saint Mary's earned their highest-ever finish in the MIAA's Women's All-Sport Standings at the conclusion of the 2008–09 academic year. The Saint Mary's teams combined for a third-place finish among all MIAA schools. Points are awarded based upon each MIAA school's final conference standing in each sport.

Rules about recruiting prospective student-athletes at a Division III institution include, but are not limited to the following:

- Prospects may receive printed materials at any time from NCAA Division III coaches.
- There is no limit on the number or timing of phone calls or emails at the NCAA Division III level, and the prospect may make calls to the coach at their own expense.
- Electronically transmitted communication, particularly through the means of social media, has many regulations as it pertains to NCAA Division III athletics. Phone calls, text messages, emails, facsimiles, instant messenger, and private communication through social networking sites are all approved means of communication.
- Correspondence through electronic communication is permitted provided that the communication is private between the sender and the recipient. There are no restrictions on the timing for sending private electronic correspondences to prospective student-athletes, and enrolled student-athletes may send private electronic correspondence to prospective student-athletes for recruitment purposes.

Many forms of communication through social media, however, are prohibited. Two of the more popular social media platform—Facebook and Twitter—have the following restrictions:

Facebook: NCAA Division III coaches are allowed to private message prospective student-athletes. Coaches are not allowed to engage in chat functions, group messages, posts on a prospective student-athlete's wall, "like" or "comment" on a photo, or send/accept friend requests with prospective student-athletes.

Twitter: NCAA Division III coaches can have a prospective student-athlete follow them as well as direct message. Coaches are not allowed to follow prospective student-athletes, re-tweet a prospective student-athlete, or tweet using a prospective student-athlete's handle.

Additionally, there is no Letter of Intent or Signing Day for NCAA Division III.
