The dental office can use that information to verify your eligibility and benefits. If you still would like an ID card for you and your dependents, you can print a customized ID card by going to the secure member website at www.aetna.com. Preface (GR-9N-02-005-01 IN)

Aetna Life Insurance Company (ALIC) is pleased to provide you with this *Booklet-Certificate*. Read this *Booklet-Certificate* carefully. The plan is underwritten by Aetna Life Insurance Company of Hartford, Connecticut (referred to as **Aetna**).

This *Booklet-Certificate* is part of the *Group Insurance Policy* between Aetna Life Insurance Company and the Policyholder. The *Group Insurance Policy* determines the terms and conditions of coverage. **Aetna** agrees with the Policyholder to provide coverage in accordance with the conditions, rights, and privileges as set forth in this *Booklet-Certificate*. The Policyholder selects the products and benefit levels under the plan. A person covered under this plan and their covered dependents are subject to all the conditions and provisions of the *Group Insurance Policy*.

The *Booklet-Certificate* describes the rights and obligations of you and **Aetna**, what the plan covers and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet-Certificate*. Your *Booklet-Certificate* includes the *Schedule of Benefits* and any amendments or riders.

If you become insured, this *Booklet-Certificate* becomes your *Certificate of Coverage* under the *Group Insurance Policy*, and it replaces and supersedes all certificates describing similar coverage that **Aetna** previously issued to you.

Important Information Regarding Availability of Coverage (GR-9N 02-005 02)

No services are covered under this *Booklet-Certificate* in the absence of payment of current premiums subject to the *Grace Period* and the *Premium* section of the *Group Insurance Policy*.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this *Booklet-Certificate* or under the terms of the *Group Insurance Policy*, the plan does not pay benefits for a loss or claim for a health care, medical or dental care expense incurred before coverage starts under this plan.

This plan will not pay any benefits for any claims, or expenses incurred after the date this plan terminates.

This provision applies even if the loss, or expense, was incurred because of an accident, **injury** or **illness** that occurred, began or existed while coverage was in effect.

Please refer to the sections, “*Termination of Coverage (Extension of Benefits)*” and “*Continuation of Coverage*” for more details about these provisions.

Benefits may be modified during the term of this plan as specifically provided under the terms of the *Group Insurance Policy* or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply to any expenses incurred for services or supplies furnished on or after the effective date of the plan modification. There is no vested right to receive any benefits described in the *Group Insurance Policy* or in this *Booklet-Certificate* beyond the date of termination or renewal including if the service or supply is furnished on or after the effective date of the plan modification, but prior to your receipt of amended plan documents.

Coverage for You and Your Dependents (GR-9N-02-005-01 IN)

Health Expense Coverage (GR-9N-02-020-01 IN)

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet-Certificate* for more information about your coverage.

Treatment Outcomes of Covered Services (GR-9N-02-020-01 IN)

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Can Be Covered

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class”, as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class (GR-9N 29-005-02-IN)

You are in an eligible class if:

- You are a regular full-time employee, as defined by your employer.
- You are a retired employee of an employer participating in this plan, and you:
 - Retired before the effective date of this plan and were covered under the prior plan for health care coverage on the day before you retired; or
 - Were covered under this plan or another plan sponsored by your employer on the day before you retired; and
 - Have completed 10 years of service and are age 55 or over.

Determining When You Become Eligible (GR-9N 29-005-02-IN)

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan

If you are hired after the effective date of this plan, your coverage eligibility date is the date you are hired.

If you enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents (GR-9N 29-010 01) (GR-9N 29-010 09 IN) (GR-9N-29-010-HRPA IN)

Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; and
- Your dependent children.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.

Coverage for Dependent Children (GR-9N-29-010-06 IN)

To be eligible, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child who lives with you in a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll (GR-9N 29-015 02-IN)

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period.

When Your Coverage Begins (GR-9N-29-025-01 IN)

Your Effective Date of Coverage

Your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date your enrollment information is received.

If your completed enrollment information is not received within 31 days of your eligibility date, the rules under *Rules and Limits That Apply to the Dental Plan* section will apply.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan by then.

Note: New dependents need to be reported to **Aetna** within 31 days because they may affect your contributions.

Retired Employees (GR-9N-29-025-01 IN)

In lieu of corresponding rules which apply to employees:

- If any health expense benefits are payable based on a "period of disability", the rule which applies to determine when a dependent's period of disability ends will also apply to you.
- The rule which applies to a dependent to determine if total disability exists when health expense insurance ends will also apply to you.

Requirements For Coverage (GR-9N-09-005-01 IN)

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:
 - Be included as a covered expense in this Booklet-Certificate;
 - Not be an excluded expense under this Booklet-Certificate. Refer to the *Exclusions* sections of this Booklet-Certificate for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet-Certificate. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet-Certificate.
2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply must be **medically necessary**. To meet this requirement, the dental service or supply must be provided by a **physician**, or other health care provider or **dental provider**, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of dental practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or **dental provider** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of dental practice” means standards that are based on credible scientific evidence published in peer-reviewed dental literature generally recognized by the relevant dental community, or otherwise consistent with **physician** or dental specialty society recommendations and the views of **physicians** or **dentists** practicing in relevant clinical areas and any other relevant factors.

Important Note

- Not every service or supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain dental services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

Rules that Apply to the Plan

What the Plan Does Not Cover

Understanding Your Aetna Dental Plan

It is important that you have the information and useful resources to help you get the most out of your **Aetna** dental plan. This Booklet-Certificate explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What services and supplies are covered and what limits may apply;
- What services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage and general administration of the plan.

Important Notes:

Unless otherwise indicated, "you" refers to you and your covered dependents. You can refer to the Eligibility section for a complete definition of "you".

This Booklet-Certificate applies to coverage only and does not restrict your ability to receive covered expenses that are not or might not be **covered expenses** under this dental plan.

Store this Booklet-Certificate in a safe place for future reference.

Getting Started: Common Terms (GR-9N 16-010-01)

Many terms throughout this Booklet-Certificate are defined in the *Glossary* Section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About the PPO Dental Plan (GR-9N S 16-025-01)

The plan is a Preferred **Provider** Organization (PPO) that covers a wide range of dental services and supplies. You can visit the **dental provider** of your choice when you need dental care.

You can choose a **dental provider** who is in the dental network. You may pay less out of your own pocket when you choose a **network provider**.

You have the freedom to choose a **dental provider** who is not in the dental network. You may pay more if you choose an **out-of-network provider**.

The *Schedule of Benefits* shows you how the plan's level of coverage is different for **network services and supplies** and **out-of-network services and supplies**.

The Choice Is Yours

You have a choice each time you need dental care:

Using Network Providers

- Your out-of-pocket expenses will be lower when your care is provided by a **network provider**.
- The plan begins to pay benefits after you satisfy a **deductible**.
- You share the cost of covered services and supplies by paying a portion of certain expenses (your **coinsurance**). **Network providers** have agreed to provide covered services and supplies at a **negotiated charge**. Your **coinsurance** is based on the **negotiated charge**. In no event will you have to pay any amounts above the **negotiated charge** for a covered service or supply. You have no further out-of-pocket expenses when the plan covers in network services at 100%.
- You will not have to submit dental claims for treatment received from **network providers**. Your **network provider** will take care of claim submission. You will be responsible for **deductibles, coinsurance and copayments**, if any.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayment, coinsurance** or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular **provider**. Either **Aetna** or any **network provider** may terminate the provider contract or limit the number of patients accepted in a practice.

Using Out-of-Network Providers

You can obtain dental care from **dental providers** who are not in the network. The plan covers **out-of-network services and supplies**, but your expenses will generally be higher.

You must satisfy a **deductible** before the plan begins to pay benefits.

You share the cost of covered services and supplies by paying a portion of certain expenses (your **coinsurance**).

If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. The **recognized charge** is the maximum amount **Aetna** will pay for a covered expense from an **out-of-network provider**.

You must file a claim to receive reimbursement from the plan.

Important Reminder

Refer to the *Schedule of Benefits* for details about any applicable **deductibles, copayments, coinsurance** and maximum benefit limits. There is a separate maximum that applies to **orthodontic treatment**.

Getting an Advance Claim Review (GR-9N-16-035-01)

The purpose of the advance claim review is to determine, in advance, the benefits the plan will pay for proposed services. Knowing ahead of time which services are covered by the plan, and the benefit amount payable, helps you and your **dentist** make informed decisions about the care you are considering.

Important Note

The pre-treatment review process is not a guarantee of benefit payment, but rather an estimate of the amount or scope of benefits to be paid.

When to Get an Advance Claim Review

An advance claim review is recommended whenever a course of dental treatment is likely to cost more than \$350. Ask your **dentist** to write down a full description of the treatment you need, using either an **Aetna** claim form or an ADA approved claim form. Then, before actually treating you, your **dentist** should send the form to **Aetna**. **Aetna** may request supporting x-rays and other diagnostic records. Once all of the information has been gathered, **Aetna** will review the proposed treatment plan and provide you and your **dentist** with a statement outlining the benefits payable by the plan. You and your **dentist** can then decide how to proceed.

The advance claim review is voluntary. It is a service that provides you with information that you and your **dentist** can consider when deciding on a course of treatment. It is not necessary for emergency treatment or routine care such as cleaning teeth or check-ups.

In determining the amount of benefits payable, **Aetna** will take into account alternate procedures, services, or courses of treatment for the dental condition in question in order to accomplish the anticipated result. (See *Benefits When Alternate Procedures Are Available* for more information on alternate dental procedures.)

What is a Course of Dental Treatment?

A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more **dentists** to treat a dental condition that was diagnosed by the attending **dentist** as a result of an oral examination. A course of treatment starts on the date your **dentist** first renders a service to correct or treat the diagnosed dental condition.

What The Plan Covers (GR-9N 18-005-01)

PPO Dental Plan

Schedule of Benefits for the PPO Dental Plan

PPO Dental is merely a name of the benefits in this section. The plan does not pay a benefit for all dental care expenses you incur.

Important Reminder

Your dental services and supplies must meet the following rules to be covered by the plan:

- The services and supplies must be **medically necessary**.
- The services and supplies must be covered by the plan.
- You must be covered by the plan when you incur the expense.

Covered expenses include charges made by a **dentist** for the services and supplies that are listed in the dental care schedule.

The next sentence applies if:

- A charge is made for an unlisted service given for the dental care of a specific condition; and
- The list includes one of more services that, under standard practices, are separately suitable for the dental care of that condition.

In that case, the charge will be considered to have been made for a service in the list that **Aetna** determines would have produced a professionally acceptable result.

Dental Care Schedule

The dental care schedule is a list of dental expenses that are covered by the plan. There are several categories of **covered expenses**:

- Preventive
- Diagnostic
- Restorative
- Oral surgery
- Endodontics
- Periodontics
- Orthodontics

These covered services and supplies are grouped as Type A, Type B or Type C.

PPO Dental Expense Coverage Plan (GR-9N 18-006-01)

(GR-9N-19-006-01)

The following additional dental expenses will be considered **covered expenses** for you and your covered dependent if you have medical coverage and have at least one of the following conditions:

- Pregnancy;
- Coronary artery disease/cardiovascular disease;
- Cerebrovascular disease; or
- Diabetes

Additional Covered Dental Expenses

- One additional prophylaxis (cleaning) per year.
- Scaling and root planing, (4 or more teeth); per quadrant;
- Scaling and root planing (limited to 1-3 teeth); per quadrant;
- Full mouth debridement;
- Periodontal maintenance (one additional treatment per year); and
- Localized delivery of antimicrobial agents. (Not covered for pregnancy)

Payment of Benefits

The additional prophylaxis, the benefit will be payable the same as other prophylaxis under the plan.

The **payment percentage** applied to the other covered dental expenses above will be 100% for **network** expenses and 100% for out-of-network expenses. These additional benefits will not be subject to any frequency limits except as shown above or any Calendar Year maximum.

Aetna will reimburse the provider directly, or you may pay the provider directly and then submit a claim for reimbursement for **covered expenses**.

Important Reminder (GR-9N-18-010-01)

The **deductible, coinsurance** and maximums that apply to each type of dental care are shown in the *Schedule of Benefits*.

You may receive services and supplies from **network** and **out-of-network providers**. Services and supplies given by a **network provider** are covered at the **network** level of benefits shown in the *Schedule of Benefits*. Services and supplies given by an **out-of-network provider** are covered at the out-of-network level of benefits shown in the *Schedule of Benefits*.

Refer to *About the PPO Dental Coverage* for more information about covered services and supplies.

Rules and Limits That Apply to the Dental Plan (GR-9N 20-005-01)

Several rules apply to the dental plan. Following these rules will help you use the plan to your advantage by avoiding expenses that are not covered by the plan.

Orthodontic Treatment Rule

Orthodontic coverage is only for covered dependent children who are under age 20 on the date active orthodontic treatment begins.

The plan does not cover the following orthodontic services and supplies:

- Replacement of broken appliances;
- Re-treatment of orthodontic cases;
- Changes in treatment necessitated by an accident;
- Maxillofacial surgery;
- Myofunctional therapy;
- Treatment of cleft palate;
- Treatment of micrognathia;
- Treatment of macroglossia;
- Lingually placed direct bonded appliances and arch wires (i.e. "invisible braces"); or
- Removable acrylic aligners (i.e. "invisible aligners").

The plan will not cover the charges for an orthodontic procedure if an active appliance for that procedure was installed before you were covered by the plan.

Orthodontic Limitation for Late Enrollees

The plan will not cover the charges for an orthodontic procedure for which an active appliance for that procedure has been installed within the two year-period starting with the date you became covered by the plan. This limit applies only if you do not become enrolled in the plan within 31 days after you first become eligible.

Replacement Rule (GR-9N 20-010-01)

Crowns, inlays, onlays and veneers, complete dentures, removable partial dentures, fixed partial dentures (bridges) and other prosthetic services are subject to the plan's replacement rule. That means certain replacements of, or additions to, existing crowns, inlays, onlays, veneers, dentures or bridges are covered only when you give proof to **Aetna** that:

- While you were covered by the plan, you had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay and onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 8 years before its replacement and cannot be made serviceable.
- You had a tooth (or teeth) extracted while you were covered by the plan. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

Tooth Missing but Not Replaced Rule

The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic services are needed to replace one or more natural teeth that were removed while you were covered by the plan; and
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 8 years. The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Alternate Treatment Rule *(GR-9N-20-015-01)*

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results. When alternate services or supplies can be used, the plan's coverage will be limited to the cost of the least expensive service or supply that is:

- Customarily used nationwide for treatment, and
- Deemed by the dental profession to be appropriate for treatment of the condition in question. The service or supply must meet broadly accepted standards of dental practice, taking into account your current oral condition.

You should review the differences in the cost of alternate treatment with your **dental provider**. Of course, you and your **dental provider** can still choose the more costly treatment method. You are responsible for any charges in excess of what the plan will cover.

Coverage for Dental Work Begun Before You Are Covered by the Plan *(GR-9N 20-020-01)*

The plan does not cover dental work that began before you were covered by the plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the plan;
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the plan; or
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the plan.

Coverage for Dental Work Completed After Termination of Coverage

Your dental coverage may end while you or your covered dependent is in the middle of treatment. The plan does not cover dental services that are given after your coverage terminates. There is an exception. The plan will cover the following services if they are ordered while you were covered by the plan, and installed within 30 days after your coverage ends.

- Inlays;
- Onlays;
- Crowns;
- Removable bridges;
- Cast or processed restorations;
- Dentures;
- Fixed partial dentures (bridges); and
- Root canals.

"Ordered" means:

- For a denture: the impressions from which the denture will be made were taken.
- For a root canal: the pulp chamber was opened.

- For any other item: the teeth which will serve as retainers or supports, or the teeth which are being restored:
 - Must have been fully prepared to receive the item; and
 - Impressions have been taken from which the item will be prepared.

Late Entrant Rule (GR-9N 20-025-01)

The plan does not cover services and supplies given to a person age 5 or more if that person did not enroll in the plan:

- During the first 31 days the person is eligible for this coverage, or
- During any period of open enrollment agreed to by the Policyholder and **Aetna**.

This exclusion does not apply to charges incurred:

- After the person has been covered by the plan for 12 months, or
- As a result of **injuries** sustained while covered by the plan, or
- For services listed as Visits and X-rays, Visits and Exams, and X-ray and Pathology in the Dental Care Schedule.

Additional Items Not Covered By A Health Plan (GR-9N-28-015-01-IN)

Not every health service or supply is covered by the plan, even if prescribed, recommended, or approved by your **physician** or **dentist**. Charges made for the following are not covered except to the extent listed under the *What The Plan Covers* section or by amendment attached to this Booklet-Certificate.

This applies even if they are prescribed, recommended or approved by your **physician** or **dentist**.

Routine dental exams and other preventive services and supplies, except as specifically provided in the *What the Plan Covers* section.

Services rendered before the effective date or after the termination of coverage, unless coverage is continued under the *Continuation of Coverage* section of this Booklet-Certificate.

Work related: Any **illness** or **injury** related to employment or self-employment including any **injuries** that arise out of (or in the course of) any work for pay or profit, unless no other source of coverage or reimbursement is available to you for the services or supplies. Sources of coverage or reimbursement may include your employer, workers' compensation, or an **occupational illness** or similar program under local, state or federal law. A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. If you are also covered under a workers' compensation law or similar law, and submit proof that you are not covered for a particular **illness** or **injury** under such law, that **illness** or **injury** will be considered "non-occupational" regardless of cause.

When Coverage Ends (GR-9N-30-005-05 IN)

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your coverage under the plan will end if:

- The plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employment stops for any reason, including a job elimination or being placed on severance. This will be either the date you stop active work, or the day before the first premium due date that occurs after you stop active work. However, if premium payments are made on your behalf, **Aetna** may deem your employment to continue, for purposes of remaining eligible for coverage under this Plan, as described below:
 - If you are not actively at work due to **illness or injury**, your coverage may continue, until stopped by your employer, but not beyond 30 months from the start of your absence.
 - If you are not actively at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day you are actively at work before the start of the lay-off or leave of absence.

It is your employer's responsibility to let **Aetna** know when your employment ends. The limits above may be extended only if **Aetna** and your employer agree, in writing, to extend them.

When Coverage Ends for Dependents (GR-9N-30-015-02)

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage (GR-9N-31-010-03)

Continuing Health Care Benefits (GR-9N-31-015-06)

Continuing Coverage for Dependent Students on Medical Leave of Absence (GR-9N 31-015 01 EN)

If your dependent child who is eligible for coverage and enrolled in this plan by reason of his or her status as a full-time student at a postsecondary educational institution ceases to be eligible due to:

- a medically necessary leave of absence from school; or
- a change in his or her status as a full-time student,

resulting from a serious **illness** or **injury**, such child's coverage under this plan may continue.

Coverage under this continuation provision will end when the first of the following occurs:

- The end of the 12 month period following the first day of your dependent child's leave of absence from school, or a change in his or her status as a full-time student;
- Your dependent child's coverage would otherwise end under the terms of this plan;
- Dependent coverage is discontinued under this plan; or
- You fail to make any required contribution toward the cost of this coverage.

To be eligible for this continuation, the dependent child must have been enrolled in this plan and attending school on a full-time basis immediately before the first day of the leave of absence.

To continue your dependent child's coverage under this provision you should notify your employer as soon as possible after your child's leave of absence begins or the change in his or her status as a full-time student. **Aetna** may require a written certification from the treating **physician** which states that the child is suffering from a serious **illness or injury** and that the resulting leave of absence (or change in full-time student status) is **medically necessary**.

Important Note

If at the end of this 12 month continuation period, your dependent child's leave of absence from school (or change in full-time student status) continues, such child may qualify for a further continuation of coverage under the Handicapped Dependent Children provision of this plan. Please see the section, *Handicapped Dependent Children*, for more information.

Handicapped Dependent Children(GR-9N 31-015 01 IN)

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 120 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Extension of Benefits (GR-9N-32-020-01 IN)

Coverage for Health Benefits

If your health benefits end while you are totally disabled, your health expenses will be extended as described below. To find out why and when your coverage may end, please refer to *When Coverage Ends*.

“Totally disabled” means that because of an **injury** or **illness**:

- You are not able to work at your own occupation and you cannot work at any occupation for pay or profit.
- Your dependent is not able to engage in most normal activities of a healthy person of the same age and gender.

Extended Health Coverage (GR-9N-32-020-01 IN)

(GR-9N-32-020-01 IN)

Dental Benefits (other than Basic Dental benefits): Coverage will be available while you are totally disabled, for up to 12 months. Coverage will be available only if covered services and supplies have been rendered and received, including delivered and installed, prior to the end of that 12 month period.

When Extended Health Coverage Ends

Extension of benefits will end on the first to occur of the date:

- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)

COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of premiums. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required premiums.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled.

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the premiums after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events.

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Premium Payments for Continuation Coverage

Your premium payments are regulated by law, based on the following:

- For the 18 or 36 month periods, premiums may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, premiums for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional premiums for continuation are paid on a timely basis.

Important Note

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required premiums.
- You or your covered dependents become covered under another group plan that does not restrict coverage for pre-existing conditions. If your new plan limits pre-existing condition coverage, the continuation coverage under this plan may remain in effect until the pre-existing clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Conversion from a Group to an Individual Plan

You may be eligible to apply for an individual health plan without providing proof of good health:

- At the termination of employment.
- When loss of coverage under the group plan occurs.
- When loss of dependent status occurs.
- At the end of the maximum health coverage continuation period.

The individual policy will not provide the same coverage as the former group plan offered by your employer. Certain benefits may not be available. You will be required to pay the associated premium costs for the coverage. For additional conversion information, contact your employer or call the toll-free number on your member ID card.

Coordination of Benefits - What Happens When There is More Than One Health Plan

(GR-9N-33-005-02)

When Coordination of Benefits
Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or **recognized charges**, any amount in excess of the highest of the reasonable or **recognized charges** for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or **recognized charges** and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the policy that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Which Plan Pays First (GR-9N-33-010-01)

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:

1. **Non-Dependent or Dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a **Medicare** beneficiary and, as a result of federal law, **Medicare** is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
 2. **Child Covered Under More than One Plan.** The order of benefits when a child is covered by more than one plan is:
 - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married or living together whether or not married;
 - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.
 - C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
 - The plan of the custodial parent;
 - The plan of the spouse of the **custodial parent**;
 - The plan of the **noncustodial parent**; and then
 - The plan of the spouse of the **noncustodial parent**.
- For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.
3. **Active Employee or Retired or Laid off Employee.** The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
 4. **Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, or subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, This Plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

In determining the amount to be paid when this plan is secondary on a claim, the **secondary plan** will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any **allowable expense** under this plan that was unpaid by the **primary plan**. The amount will be reduced so that when combined with the amount paid by the **primary plan**, the total benefits paid or provided by all plans for the claim do not exceed 100 % of the total **allowable expense**.

In addition, a **secondary plan** will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of **This Plan**, the amount normally reimbursed for covered benefits or expenses under **This Plan** is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under **This Plan** for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of **This Plan** and another plan both agree that **This Plan** determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more **closed panel plans** COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

(GR-9N-33-020-01)

Which Plan Pays First

How Coordination with Medicare Works

What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet-Certificate, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease; or
- Not covered under it because you:
 1. Refused it;
 2. Dropped it; or
 3. Failed to make a proper request for it.

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100 % of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information *(GR-9N-33-025-01)*

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions (GR-9N-32-005-02-IN)

Type of Coverage

Coverage under this plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. This plan covers charges made for services and supplies only while the person is covered under this plan.

Physical Examinations (GR-9N-32-005-03-IN)

Aetna will have the right and opportunity to have a **physician** or **dentist** of its choice examine any person who is requesting certification or benefits for new and ongoing claims. Multiple exams, evaluations, and functional capacity exams may be required during your disability for an ongoing claim. This will be done at all reasonable times while certification or a claim for benefits is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be filed to recover payment under any benefit before 60 days after proof of loss is filed. No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Aetna will not try to reduce or deny a benefit payment on the grounds that a condition existed before your coverage went into effect, if the loss occurs more than 2 years from the date coverage commenced. This will not apply to conditions excluded from coverage on the date of the loss.

Confidentiality (GR-9N-32-005-02-IN)

Information contained in your medical records and information received from any provider incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by **Aetna** when necessary for your care or treatment, the operation of this plan and administration of this Booklet-Certificate, or other activities, as permitted by applicable law. You can obtain a copy of **Aetna's** *Notice of Information Practices* by calling Member Services at the number on the back of the ID card.

Additional Provisions (GR-9N-32-005-02-IN)

The following additional provisions apply to your coverage.

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under this plan because you are connected with more than one Policyholder.
- In the event of a misstatement of any fact affecting your coverage under this plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of this plan. Additional provisions are described elsewhere in the *group* contract. If you have any questions about the terms of this plan or about the proper payment of benefits, contact your Policyholder or **Aetna**.
- Your Policyholder hopes to continue this plan indefinitely but, as with all group plans, this plan may be changed or discontinued with respect to your coverage.

Assignments (GR-9N-32-005-03-IN)

An assignment is the transfer of your rights under the group policy to a person you name.

All coverage may be assigned only with the written consent of Aetna. To the extent allowed by law, **Aetna** will not accept an assignment to an **out-of-network provider**, including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach, or alleged breach, of the terms of this group insurance policy.

Misstatements (GR-9N-32-005-03-IN)

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall be deemed representations and not warranties. No written statement made by you shall be used by **Aetna** in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna's failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

Incontestability (GR-9N-32-005-03-IN)

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

Recovery of Overpayments (GR-9N-32-015-01 IN)

Health Coverage

If a benefit payment is made by **Aetna**, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, **Aetna** has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery **Aetna** may have with respect to such overpayment.

Reporting of Claims (GR-9N-32-020-01 IN) (GR-9N-32-025-02-IN)

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss and should be provided to Aetna within 20 days after occurrence or commencement of loss, or as soon as reasonably possible. Your employer has claim forms. If you request a form for filing proof of loss from Aetna, Aetna will respond within 15 days or you can submit your own.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits (GR-9N-32-025-02-IN)

(GR-9N-32-025-02-IN)

For a clean claim, Aetna will pay or deny each clean claim filed electronically within thirty (30) days after the date Aetna receives the claim. If the clean claim is filed on paper, Aetna will pay or deny within forty-five (45) days after the date Aetna receives the claim. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

Aetna will notify you in writing, at the time it receives a claim, when an assignment of benefits to a health care provider or facility will not be accepted.

Any unpaid balance will be paid within 30 days of receipt by **Aetna** of the due written proof.

Aetna may pay up to \$1,000 of any other benefit to any of your relatives whom it believes are fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release. It can also be done if a benefit is payable to your estate.

Records of Expenses (GR-9N-32-030-02)

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **dentists** who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Effect of Benefits Under Other Plans (GR-9N 32-035-01)

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen dental coverage under an HMO Plan offered by your employer, you will be excluded from dental expense coverage on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan providing dental coverage, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change dental coverage during an open enrollment period, coverage will take effect on the group policy anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change dental coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change dental coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

Any extension of dental benefits under this plan will not apply on or after the date of a change to an HMO Plan.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Effect of Prior Coverage - Transferred Business (GR-9N-32-040-02)

If your coverage under any part of this plan replaces any prior coverage for you, the rules below apply to that part.

"Prior coverage" is any plan of group coverage that has been replaced by coverage under part or all of this plan; it must have been sponsored by your employer (e.g., transferred business). The replacement can be complete or in part for the eligible class to which you belong. Any such plan is prior coverage if provided by another group contract or any benefit section of this plan.

Coverage under any other section of this plan will be in exchange for all privileges and benefits provided under any like prior coverage. Any benefits provided under such prior coverage may reduce benefits payable under this plan.

If:

- A dependent child's eligibility under the prior coverage is a result of his or her status as a full-time student at a postsecondary educational institution; and
- Such dependent child is in a period of coverage continuation pursuant to a medically necessary leave of absence from school (or change in full-time student status); and
- This plan provides coverage for eligible dependents;

coverage under this plan will continue uninterrupted as to such dependent child for the remainder of the continuation period as provided under the section, *Continuing Coverage for Dependent Students on Medical Leave of Absence*.

You are encouraged to exhaust the applicable processes of the Appeal Procedure before you:

- Contact the Indiana Department of Insurance to request an investigation of an **appeal**; or
- File a complaint or **appeal** with the Indiana Department of Insurance; or
- Establish any:
 - Litigation;
 - Arbitration; or
 - Administrative proceeding;

regarding an alleged breach of the policy terms by **Aetna** or any matter within the scope of the Appeals Procedure.

Under certain circumstances, you may seek simultaneous review through the internal Appeals Procedure and **External Review** processes—these include **Urgent Care Claims** and situations where you are receiving an ongoing course of treatment. Exhaustion of the applicable process of the Appeal Procedure is not required under these circumstances.

Important Note:

If **Aetna** does not adhere to all claim determination and **appeal** requirements of the Federal Department of Health and Human Services, you are considered to have exhausted the **appeal** requirements and may proceed with **External Review** or any of the actions mentioned above.

There are limits, though, on what sends a claim or **appeal** straight to an **External Review**.

Your claim or internal **appeal** will not go straight to **External Review** if:

- a rule violation was minor and isn't likely to influence a decision or harm you;
- it was for a good cause or was beyond **Aetna's** control; and
- it was part of an ongoing, good faith exchange between you and **Aetna**.

External Grievance Review^(GR-9N-32-051-01 IN)

Aetna will maintain a procedure for the resolution of external **grievances**.

Aetna may determine that care is not appropriate or **medically necessary**, or that the service or treatment is experimental or investigational in nature, resulting in an **adverse benefit determination** or **grievance** decision. In these situations you may request an External Grievance Review, if you or your provider disagree with Aetna's decision, and if you have submitted a **grievance** and filed an **appeal** where Aetna upholds the initial **grievance** decision or **adverse benefit determination**. An External Grievance Review is a review by an independent **physician** or medical review professional, selected by an Independent Review Organization, who has expertise in the problem or question involved.

A medical review professional must:

- Be board certified in the specialty in which service would be or has been provided;
- Be knowledgeable about the service through actual clinical experience;
- hold an unlimited license to practice in a state of the United States; and
- have no history of disciplinary actions, or sanctions, including loss of staff privileges or restriction on participation.

To request an External Grievance Review, the following requirements must be met:

- You have received notice of an **adverse benefit determination** by Aetna; and
- Your claim was denied because Aetna determined that the care was not appropriate, **medically necessary**, or was **experimental or investigational**; and
- You have exhausted the applicable **grievance** and **appeal** processes.

The final notice of **adverse benefit determination** you receive from Aetna will describe the process to follow if you wish to pursue an External Grievance Review, and will include a copy of the Request for External Grievance Review Form.

You must submit the Request for an External Grievance Review Form to Aetna within 60 calendar days of the date you receive the final notice of **adverse benefit determination**. You also must include a copy of the final notice of an **adverse benefit determination** letter and all other pertinent information that supports your request.

Aetna will contact the Independent Review Organization that will conduct the review of your claim. The Independent Review Organization will select an independent **physician** or medical review professional with appropriate expertise to perform the review. In making a decision, the independent reviewer may consider any appropriate credible information that you send along with the Request for an External Grievance Review Form, and will follow Aetna's contractual documents and plan criteria governing the benefits.

For an Expedited External Grievance, make a determination to uphold or reverse Aetna's Appeal decision within 72 hours after the External Grievance is filed and notify Aetna and you within 24 hours after the determination.

For a standard Appeal, make a determination to uphold or reverse Aetna's Appeal decision within 15 business days after the External Grievance is filed and notify Aetna and you within 72 hours after the determination.

You may submit additional information relating to the proposed service throughout the review process.

Reconsiderations

You may submit any new information relevant to Aetna's resolution of the **appeal** of a **grievance** decision, not considered by Aetna at the time you filed your initial **grievance**, at any time during the External Grievance Review process. Aetna may reconsider the resolution at which time the Independent Review Organization will discontinue the External Grievance Review until the reconsideration is complete.

If **Aetna** elects to reconsider the resolution of an **appeal** of an **adverse benefit determination** due to the submission of new information, and the **appeal** is based on **medical necessity**, **Aetna** will notify you of a decision within 72 hours after the information is submitted. If the **appeal** is based on a standard claim, **Aetna** will notify you within 15 business days after the information is submitted for reconsideration.

If **Aetna** reaches a decision, which still results in an **adverse benefit determination**, you may request that the Independent Review Organization resume the External Grievance Review. If **Aetna** elects not to reconsider the new information, **Aetna** will submit the new information to the Independent Review Organization not more than 2 business days after **Aetna's** receives the information.

For more information about the External Grievance Review process, you may write to Member Services at the address shown on your ID Card, or call Member Services using the telephone number shown on your ID Card.

Aetna will abide by the decision of the Independent Review Organization.

Provider/Member Discussions

In its provider contracts and as a matter of corporate policy, **Aetna** does not prohibit network providers from discussing with their patients alternative treatment options and the method under which they are compensated. In fact, **Aetna** affirmatively encourages such discussions.

The requested service or supply is therefore denied; reduced; or terminated.

Clinical Guidelines and Utilization Review Criteria

Aetna evaluates and determines the appropriateness of medical care resources utilized by covered persons. To accomplish these goals, **Aetna** has developed a comprehensive Patient Management Program which incorporates a wide range of:

- commercially developed and nationally recognized guidelines and criteria;
- reference tools; and
- published medical literature.

These documents assist **Aetna** in determining the appropriate level of coverage for services. In addition, **Aetna** has developed internal guidelines to monitor the use of, or evaluate, the clinical:

- necessity;
- appropriateness;
- efficacy; or
- efficiency of;

health care services, procedures or settings. Such internal guidelines include, but are not limited to: ambulatory review; prospective review; second opinion; certification of admissions or of certain procedures; concurrent review; case management; discharge planning; or retrospective review.

Local quality committees review, update and adopt the review criteria at least annually. This may occur more frequently if necessary. These committees are composed of community practicing **physicians** and health plan staff.

These criteria may include:

- Milliman and Robertson's Healthcare Management Guidelines and Length of Stay Guidelines;
- InterQual's Severity of Illness/Intensity of Service (SI/IS);
- Western Region Experience of HCIA's Length of Stay (LOS) Guidelines;
- Coverage Policy Bulletins developed by **Aetna**;
- Level of Care Assessment Tool (LOCAT);
- American Society of Addictive Medicine, Patient Management, Patient Placement Guidelines (ASAM); and
- Managed Choice Plan internal policies and procedures.

Utilization Review Procedures

Aetna maintains and makes available procedures for providing notification of its determinations for:

Initial determinations regarding proposed:

- Hospital; convalescent; and treatment facility admissions;
- certain procedures and treatments; or
- Home Health Care; Hospice Care; and Skilled Nursing Care.
- Concurrent review determinations regarding continued stay or additional services.
- Reconsideration of an adverse determination in any case involving an initial determination or a concurrent review determination.

To determine the:

- status; or
- outcome of any utilization review decision (including a request for certification);

you may call **Member Services** at the toll-free telephone number on your ID card.

Recognized Charge (GR-9N-34-090-01 IN)

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to dental expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- The 90th percentile of the Prevailing Charge Rate; for the Geographic Area where the service is furnished.

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

Aetna may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- **Geographic Area:** This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- **Prevailing Charge Rates:** These are the rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

Important Note

Aetna periodically updates its systems with changes made to the Prevailing Charge Rates.

What this means to you is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

Additional Information

Aetna's website aetna.com may contain additional information which may help you determine the cost of a service or supply. In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to \$ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
