Content Comments

1. E "connected" well with the students, and is/was able to teach the discipline (Spanish) well to the class.
2. Great knowledge of subject and super lesson plans.
3. Great background in understanding by design/construction of units with EQ tie-ins.
4. M has a good depth of knowledge in Chemistry. She is able to bring that depth to her lessons in ways that are meaningful & relevant to the students.
5. Students come in well prepared with proper tools.
6. Good math background.
7. Good training in assessment preparation.

Student Development & Diversity Comments

1. E is creative, dedicated and caring. She designs different ways/teachings to teach in order to increase students' understanding.
2. Prepared lessons that kept the interest of students.
3. Excellent connections and relationship-building based on adolescent development.
4. M has a good theoretical base in childhood development & will improve with experience.
5. I have had a great experience with students being motivated and ready to teach.
6. Good use of IEP's and many ideas on how to accommodate a variety of student needs.

Learning Processes Comments

1. All of her lesson plans reflected language standards, followed by differentiated instructions for specific tests/assessments.
2. Nice job of differentiating instruction to meet all levels of learners.

3. Great!
4. M exhibits a strong theoretical base & has no problem applying differential learning strategies in the classroom.
5. Students adjust well to at risk and Honors challenges.
6. It took a while for her to get used to the diversified culture at Adams High School.
7. K displayed a variety of methods aimed at reading all types of learners.

Instructional Planning & Delivery Comments

1. E was innovative with her lesson plans. She always used a video, a music CD, a cultural—All were used to reinforce specific topic (culture).
2. Varied lessons by using different literacy techniques, technology, etc.
3. Excellent!
4. ++
5. Students have done a great job with critical thinking and problem solving.

Learning Environment Comments

1. Emily always exudes a positive attitude in the classroom. She has lots of energy!!!
2. Moved student seats on a regular basis to help all students interact, and feel comfortable in learning.
3. Great use of multiple strategies- every week she got better at using/managing strategies for difficult purposes and evaluating strategies for effectiveness.
4. These are very experiential skills to develop. M will do fine, whatever circumstance she lands in...
5. Management has gone well with student teachers.
6. Classroom management has improved. Had to get used to working with an entire class, and not just one student.

Professional Environment Comments

1. E maintains poise and flexibility in stressful situations. She handles and adjusts to positive and/or negative criticism in a constructive manner.
2. Attended faculty meetings, house meetings, curriculum meetings, and some parent conferences.
3. Good job!
4. +
5. Good job getting along with parents, colleagues etc.
6. Cultures-somewhat of a shock. All the different culture groups. Improved as school year went on.

Assessment Comments

1. E understands the importance of multiple assessments. All that she implements for sure facilitates the students' learning experience.
2. Was included in developing common summative assessments, and also developed many formative assessments to use in her classroom.
3. Great variety of assessment strategies: formal & informal
4. M uses many forms of assessment and uses student outcomes to reflect on lesson plan adjustments for improvement.

Literacy Comments

1. E is well aware of the nature of language and culture.

2. Many uses of literacy including reading, games, etc.
3. Great!

Reflective Practitioner Comments

1. E treats all of the students fairly. She is always ready to devote her time to those who need extra help.
2. Worked well with all students. Firm and fair discipline.
3. Great empathy and understanding

Overall Comments

1. This is my 3rd student teacher from St. Mary's College, and your students are by far the most prepares. Thank you!
3. Keep up the "Good work" :) Send more like M.
4. I would send my daughter to St. Mary's which I hold the highest regards for the staff is tops. They care for these kids in an incredible way.
5. I think it is great that the candidates observe the teacher in class the semester before student teaching. She got to know the students before student teaching. Thank you!
6. I have mentored about a dozen student teachers over my career but this was my first from Saint Mary's. She was hands-down the best prepared I have ever seen.
Keep up the good work.
7. My Saint Mary's student teacher was the best of the three student teachers I've supervised.
8. I continue to be impressed with the professionalism displayed by the SMC students.
